Pre-press and graphic imaging services

More **VALUE**

More **SERVICE**

More **RESULTS**

**E**very print project begins with a blank page - and a desired outcome. How well you succeed depends on how you transform that blank page into a printed piece that attracts and holds the interest of the reader.

We can help from start to finish. That means we can both design and print your piece. Just give us your files (MAC or PC) and we do the rest.

Or we can just handle your printing needs, including full-colour offset, digital colour copies, wideformat colour, B&W printing, and laserengraving. Then we choose from a variety of perfect finishing touches, ranging from folding and cutting to stapling and collating.

We also offer fast pick-up and delivery, plus convenient online account privileges. Get the whole story at our web site ([www.fawcettprinting.com](http://www.fawcettprinting.com)). It all adds to more value for your printing and imaging dollar.
